Foreword

Ajay Sethi - CEO

Welcome to our refreshed offer for 2026/27.

Each year, we evolve and strengthen our provision, so it remains evidence-based, high-quality and responsive.

We partner with educational Settings, Networks, Trusts and Local Authorities to provide services, CPD and products that re-focus as priorities change and reflect your unique context – all without the need for additional establishment costs.

Our purpose is simple: to support continuous improvement and help create the best possible educational experiences and outcomes for children and young people.

Through a highly skilled and supportive workforce, we strengthen strategic, operational and emotional capacity, helping secure positive outcomes for your learners.

Our work is always grounded in the belief that every child and young person should be safe and able to develop, learn and achieve.

We hope you find this brochure informative and helpful as you plan for the year ahead.

If you are looking for something more tailored, we would be delighted to explore how we can align our expertise to your context and ambition.

Multi-Academy Trusts, Networks & Local Authorities

Multi-Academy Trusts (MATs), Networks and LAs are increasingly using SIL in innovative and bespoke ways to meet their needs and priorities.

This provides flexibility, avoids additional central team costs and offers the opportunity to re-focus support as circumstances change.

MATs & Networks

No two Schools / Settings are the same, and neither are Trusts or Networks – they differ in scale, School composition, pupil characteristics and the communities they serve.

We recognise this diversity and have established a full suite of support services.

- Our experience of supporting the inception of MATs to well-established Networks means we can adapt our support
- We will **partner** with you to support, inspire and learn with and for you
- Our **people** are experienced professionals who work collaboratively to support your priorities.

Bespoke offers and agreements can be negotiated to build a package of support that meets your needs and emerging priorities.

Local Authorities

SIL has a long history of supporting LAs - either as its delivery agent for statutory functions or by providing more focused interventions or support.

Allocating and aligning staff with the right skills and knowledge enables LAs to support different phases and specialisms without adding to substantive staffing costs.

Areas of support include:

- Strategic leadership of LA-level School improvement plans
- Governance, IEB intervention, amalgamations
- Bespoke leadership support, including HT appointments, interim leadership capacity & School improvement
- DfE & Ofsted complaints
- HR policies & union dialogue
- Curriculum & Assessment
- Attendance & welfare, including EHE & CME
- SEND
- Safeguarding
- Early Years, including PVI Settings
- Educational Visits, policy creation and approvals
- Communications and more...

Inclusion Offer - Multi-Phase

A flexible, tailored approach to strengthen inclusion across all phases.

Designed to support Leaders to evaluate how well their provision meets the needs of **all learners**, especially those who are **disadvantaged, vulnerable, or require additional support** and **guide improvement through expert partnerships and professional development**.

Focused Support

Select the elements most relevant to your context.

Focused reviews and developmental support from Education Partners, could include:

- SEND
- EAL
- Behaviour
- Pupil Premium & Other Disadvantaged Learners
- Foundational Skills / Knowledge
- Attendance
- Transition

How it Works

Initial Scoping:

Identify phases, focus areas, and the number of Education Partners required.

Inclusion Review:

A thorough review tailored to your chosen area(s).

This may include a focus on:

- Classrooms
- Unstructured times
- Extra curricular activities

Feedback & Recommendations:

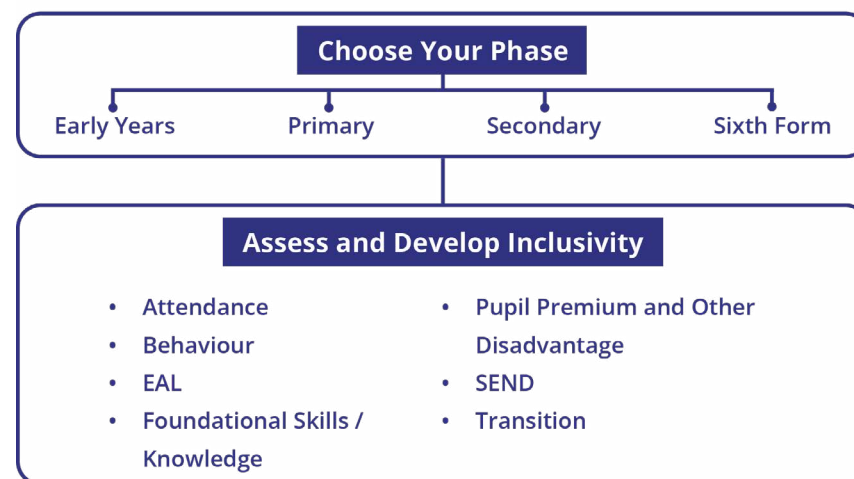

The review outlines strengths, developmental priorities, and actionable steps for improving inclusivity.

Follow up CPD & Support:

Professional learning opportunities are offered to help staff embed improvements and build long term capacity.

Our Education Partners offer a flexible, bespoke approach to supporting schools and settings at every stage of their improvement journey.

Our team of specialists, will work with you to review your strengths and identify areas for development. Our partners can then provide follow-up CPD to help bring about sustained improvement aligned to your priorities.

Each review aims to provide developmental guidance and clear next steps. We will work closely with you to determine the number of Education Partners required and the number of days needed to deliver your chosen package.

Should you wish to follow your review with tailored CPD to support the implementation of the recommendations, our team of Education Partners provide a

SIL Partnerships

At SIL, we are committed to developing collaborative partnerships that bring together research, evidence and real-world expertise to create practical, innovative solutions which inform action, strengthen practice and improve outcomes.

Running Paper

Innovating assessment through AI.

Running Paper is an AI-driven tool designed to transform the marking of handwritten assessments, enabling fast, accurate and personalised feedback while significantly reducing Teacher workload.

Together, we are ensuring technology is practical, trusted and delivering impact to both educators and learners.

Leadership Edge

Supporting wellbeing through coaching.

Leadership Edge promotes a non-directive, judgement-free coaching approach, providing colleagues with safe spaces to reflect, think critically and develop courage in their convictions.

This collaboration supports innovation, self-efficacy and collaborative problem-solving across Schools and organisations through the PURE coaching programme.

Education Endowment Foundation (EEF)

Evidence-based literacy solutions. In collaboration with the EEF, SIL are developing a new, research-informed spelling programme for primary Schools / Settings.

Currently in pilot phase, initial feedback has celebrated the programme's "clarity, precision and usability."

Wider rollout will follow evaluation and refinement.

Liverpool Hope University

Empowering educators to navigate AI safely and ethically. Working with Professor David Reid, and Damien Maguire, this collaboration blends expertise in AI, education, digital development and system leadership.

It focuses on building AI literacy, addressing misconceptions, supporting strategic planning and enabling Leaders to make safe, informed decisions.

Pupil Pathways

Delivering personalised, inclusive School transitions.

Combining in-School expertise with innovative digital tools to support well-planned and joined-up transitions where no learner is left behind.

A joint programme of CPD, implementation support and research will reduce duplication, improve information-sharing and strengthen outcomes across the system.

Could you partner with us?

Whether you are looking to co-design innovative solutions, pilot new approaches, undertake research, strengthen professional development or respond to system-wide challenges, we will bring expertise, insight and a collaborative mindset that turn ideas into action.

If you believe that partnership delivers better outcomes for all, please [get in touch](#), as we'd love to explore how we can work together.
